

**Carmel Valley Recreation Council  
Unfunded FBA List Items – 2008  
NOT Priority Sorted!**

This list is for discussion at the October 2011 CVRC Meeting.  
Please bring additional ideas to the meeting, or send them to me ([ken@cvsd.com](mailto:ken@cvsd.com)) in advance.

The items on the list have the potential to be FBA projects. Included are some items that were NOT marked as FBA on the prior list, as I believe we should include ideas that seem reasonable and let the FBA staff determine eligibility. Also, I've removed the following items: Go "Green" (doesn't add to facility use), Bike to the Beach (Outside of the CV FBA), and Increase field maintenance (FBA doesn't do maintenance).

Note that the list is no longer priority sorted, they're mostly sorted by site. It's just a simplified list for discussion.
